

Signature Leadership Experiences

These are not traditional training programs - they are transformational learning experiences designed to shift how leaders think, what drives them, and how they show up every day.

Each experience is grounded in our approach to sustainable behavior change, equipping leaders to build trust, elevate conversations, and drive measurable results across the organization.

SHIFT MINDSETS

TRANSFORM BEHAVIORS

STRENGTHEN CULTURES

LEADERSHIP & CULTURE

The Empowered Leadership Culture Shift™

Elevating Leadership Conversations to Drive Accountability & Growth

Most performance challenges aren't about effort - they're about how leaders show up in everyday conversations. This experience transforms how leaders coach, communicate, and drive accountability - so ownership increases, and performance improves across the organization. It's a scalable system that aligns leaders at every level to turn conversations into clear expectations, commitment, and results.

INCLUSION & PERFORMANCE

Generational Advantage™

Leading Across Difference to Drive Trust, Performance, and Results

Helps leaders move beyond generational stereotypes to lead across differences with clarity and confidence. This experience equips leaders to adapt their communication, build trust, and align diverse perspectives - turning generational differences into a strategic advantage that drives performance and results.

FIRST-TIME LEADERS

Leadership Unlocked™

Foundations for New Leaders

Designed for newly promoted leaders, supervisors, and team leads learning to lead others for the first time. Step into leadership with confidence - not guesswork. Equips participants with foundational leadership skills, communication strategies, and accountability practices needed to build trust, navigate difficult conversations, and lead team performance from day one.

HIGH-POTENTIAL TALENT

Leadership Unlocked™

Foundations for Emerging Leaders

Leadership begins before the title changes. Designed for high-potential professionals and aspiring leaders ready to expand their influence and prepare for greater responsibility. Helps participants develop the mindset, communication skills, emotional intelligence, and strategic thinking needed to lead with intention and make a meaningful impact across teams.

EMOTIONAL INTELLIGENCE

WHOLE Person Leadership

Leading People You Were Never Trained to Lead

An immersive leadership experience that equips leaders to apply emotional intelligence in real time - helping them understand how people think, feel, and respond while engaging the full person: mindset, heart, actions, purpose, and growth. Leaders learn to build trust, drive accountability, and lead today's workforce with confidence and lasting impact.

EARLY CAREER

Career Acceleration Program

Launch Your Future

Designed for recent graduates and those stepping into the job market, this program bridges the gap between classroom knowledge and real-world impact. Packed with actionable tools, fresh insights, and proven strategies, it empowers participants to hit the ground running, stand out in their career, and achieve professional goals with confidence.

Presence. Relationships. Human Connection.

Experiences designed to strengthen the human capabilities that shape influence, trust, connection, and performance.

EXECUTIVE PRESENCE

Speak to Spark: Own the Stage

Mastering Dynamic Delivery & Communication

Master the art of delivery and transform every presentation into a performance that captivates and compels. This course empowers leaders to command the room with confidence, engage audiences through dynamic delivery techniques, and leave a lasting impression that drives action. Prepare to elevate presence and deliver with impact.

CLIENT RELATIONSHIP MANAGEMENT

Creating Winning Relationships

Empowering Individual Contributors to Be Trusted Advisors

Customer service is more than solving problems - it's about building relationships that drive trust, loyalty, and long-term satisfaction. Equips customer service professionals to go beyond transactional interactions and become trusted advisors by personalizing conversations, anticipating needs, and delivering solutions that enhance customer experience.

COMMUNICATION & WORKPLACE DYNAMICS

CONNECTED: Building Human Connection in a Digital World

Technology helps us communicate. Human connection drives careers.

An immersive, highly interactive learning experience that equips emerging professionals with the communication and relationship-building skills that technology cannot replace. Through experiential activities, workplace scenarios, neuroscience, and practical application, participants strengthen professional presence, build authentic connections, and develop the confidence to thrive in today's digital workplace.

Leadership begins within.

When leaders change, teams change; when teams change, cultures change.
